

Timber Ridge Earns Five-Star Quality Rating for Briarwood Health Center

ISSAQUAH, Wash.(June 12, 2019) – Timber Ridge at Talus, a Life Care Services retirement community featuring resort-like amenities and a comprehensive suite of health care services for senior living, has earned a Five-Star Quality Rating from the Centers for Medicare & Medicaid Services (CMS) for its Briarwood Health Center.

The criteria for the Five-Star Quality Rating was based on recent skilled nursing health inspections, licensed nursing hours dedicated to resident care and standards that measure the quality of care delivered to skilled nursing residents.

The beautifully- designed onsite Briarwood Health Center offers a refreshing approach to short- and long-term skilled nursing care centered on personal goals and aspirations. Briarwood offers skilled nursing with private and semi-private suites, in addition to rehabilitation services, assisted living apartment homes and memory care suites, providing unlimited days of long-term health care services for Timber Ridge residents.

“The Five-Star rating provides a great tool for consumers to compare onsite health centers at senior communities and we are honored to have received this top rating for our Briarwood Health Center,” said Heather Turner, executive director at Timber Ridge.

Amenities of the Timber Ridge Life Plan Community include an aquatic and fitness center, 190-seat state-of-the-art activity auditorium, restaurant-style dining room, cocktail lounge, bistro and café, creative arts studio, putting green, bocce ball, library, woodworking shop, salon and business center -- all exclusive to residents.
