

Jacob Harder named director of plant operations at Timber Ridge at Talus

Jacob Harder has been named director of plant operations [Timber Ridge at Talus](#), a life plan community in Issaquah, WA.

Harder will direct and supervise the activity of Timber Ridge's maintenance department, performing skilled maintenance repairs and construction duties to ensure the safety and efficiency of the community. He also will consult with residents for any home remodeling projects.

Before Timber Ridge, Harder was maintenance supervisor at Greystar, a property management company in Seattle. There, he managed three communities and maintenance teams on several remodeling and capital projects.
